I discovered Marcus' Hair Club quite by surprise, and it continues to impress me. I went there to get my roots redone and then recently for a haircut and blowdry. Marcus is really wonderful, talented and very good with a blowdry. The salon is relaxing and has a nice vibe.

I had Ladies Wash, cut and blow dry done at Marcus's Salon and it was great. Marcus has cut my hair exactly how I wanted and the blow dry which was after left my hair look amazing. Even after the wash I could still achieve the same look

Marcus coloured my hair- he was great! He listened to what I wanted and suggested how he would do it today and how it could go the next time I visited. His salon is beautifully fitted and he seems to have a loyal client list. I was even offered a glass of prosecco! I will certainly be going back to Marcus next time I want my hair coloured- I have already recommended him to friends. Thank you!

Beautiful saloon, the design is exquisite, the best looking saloon I have ever been in...that includes many of the west end saloons in Knightsbridge, W1, W2, etc.

Spotlessly clean. As for Marcus, a delightful ,unassuming ,man with great skills. I enjoyed my experience completely. I had a colour and cut....all performed with great technical knowledge and ability. I heartily recommend anyone to visit.

i'm very happy with the service i received. The previous appointment over ran, but not once did i feel like my appointment was being rushed. Marcus sat me down and asked me how i would like my hair to be cut. I told him what i didn't like about my previous cut at another salon, and he identified what was wrong with the cut and came up with a solution. My hair is looking much better and the whole experience was great. I'll definitely be going back!

I booked a men's haircut. I'd had a really busy day at work and was feeling really ill - the salon setting (and Marcus!) was really relaxing and he spent time understanding what I wanted to achieve, as well as spending a decent amount of time cutting my hair, washing, conditioning etc. I loved my haircut so will be back again.

Marcus himself is a great man and listens to what it is you want. He also gives you some really good advice and suggestions which show he truly cares about the satisfaction of his customers. I have already recommended Marcus's Hair to my friends. To top it all off, the head massage was fantastic.

Marcus is a very well skilled hair stylist. I received a men's classical formal haircut and I thought it was beautifully done. The salon looked emascuate and the decor made me feel very at home. Also customer service was very polite and was offered a beverage as I waited for my hair cut. Overall the salon was very good and a great value for money and would definitely be going back very soon.
